Empowering Education Across India

K-12 Digital Learning · 5 Platforms · 16 State Boards · 20,000+ Videos

THE PROBLEM

50%

of India's children cannot read at grade level by Class 5

260M+ Children in K-12

70% Schools lack digital infra

40% Rural dropout rate

Source: ASER Report, UDISE+ Data

MARKET OPPORTUNITY

$10B+

Indian EdTech market by 2030

CSR Mandate

Section 135: corporates must spend 2% profit on CSR. Education is the #1 choice.

Government Push

NEP 2020 mandates digital learning integration across all schools.

Access Gap

500M+ students with smartphones but no quality educational content.

THE SOLUTION

One Content Library. Every Device. Every Child.

EduFleet delivers 20,000+ curriculum-aligned K-12 videos through 5 platforms — reaching students in classrooms, community centres, and homes across India. Funded by corporate CSR, deployed through NGOs.

COVERAGE

Impact Across India

EduFleet operates across 16 state boards, partnering with 250+ NGOs to bring curriculum-aligned video education to 2,00,000+ students in underserved communities.

Haryana	50,000+ students
Gujarat	30,000+ students
Rajasthan	25,000+ students
UP	20,000+ students

16 States | 250+ NGO Partners | 2,00,000+ Students

CASE STUDY

Measurable Impact

85% improvement in learning outcomes

CHALLENGE

Students in rural Haryana lacked access to quality K-12 education. Government schools had no digital infrastructure and high teacher absenteeism.

SOLUTION

EduFleet partnered with a local NGO to set up 12 Smart TV centres, delivering 20,000+ curriculum-aligned videos in Hindi across 6 districts.

RESULT

Within 8 months, 5,000+ students showed 85% improvement in test scores. Attendance at NGO centres rose by 60%. CSR partner renewed funding for Year 2.

> *"Before EduFleet, our students had never seen a science experiment in motion. Now they ask questions we cannot answer — and that is the most beautiful problem to have."*
>
